# Why choose Octalarm Connect?

Octalarm-TOUCH | *Octalarm*-TOUCH PRO | *ARA*-PRO NEXT

The Octalarm Connect service ensures that calls via mobile phone networks and/or VoIP are available immediately for a **low, fixed cost each month**. You very simply activate the **SIM card supplied** with the configuration wizard. There are **no firewall issues (VPN)** and **no manual Email settings (SMTP)** are required. The dialler works 'out of the box'.

✔ Fast and reliable operation
- All-in service for reliable mobile phone and/or VoIP calls with KPN SIM card and Adésys servers monitored 24/7
- All settings set by default: fully configured and ready for use out of the box
- Always connected for (automatic) software updates
- No problems with firewalls (VPN)
- No manual settings needed (SMTP)

✔ Risk limitation by 24/7 secure double servers from Adésys
- 24/7 server monitoring
- Call connection through duplicated secure servers from Adésys: when a server fails the other server automatically takes over, without you even noticing

✔ One fixed price per month (flat fee)
- No extra data or call costs
- No extra costs for VoIP
- No surprises afterwards
- Can be cancelled after 1 year (monthly)
- Payment per month by automatic collection with end customer (activation by creditcard)
- First two months only €1,- excl. VAT

- **Octalarm Connect: contact-controlled (Touch and Touch Pro)**
  - Connect (GSM and VoIP): € 14,95 excl. VAT
  - VoIP only: € 8,95 excl. VAT

- **Octalarm Connect XL: network controlled via Octalarm Link (Touch Pro and ARA-Pro Next)**
  - Connect XL (GSM and VoIP): € 19,95 excl. VAT
  - VoIP only XL: € 13,95 excl. VAT

Octalarm Connect works in zone 1 and zone 2.

Octalarm Connect

Activate Octalarm Connect (XL) in 8 steps

1. Connect the dialler with the supplied UTP cable to the internet
2. Ask the customer for:

> Email address*: info@companyname.uk
>
> VAT number: GB123456789

❗ If the E-mail address is from an accounting program, you should take into account that this program can handle verification. You can check this with the supplier of your accounting program.

3. Start up the dialler and start configuration
4. Choose 'yes' in the Octalarm Connect (XL) wizard
5. Enter the customer's Email address

The customer then receives an activation Email. Ask the customer to activate the subscription via the activation Email:

6. Enter the customer's company details and VAT no
7. Select the subscription that suits you
8. Take payment by credit card (worldwide), iDeal (the Netherlands, bancontact (Belgium) or Giropay (Germany)

The SIM card and/or VoIP are now active.
The payment for Octalarm Connect or Octalarm Connect XL is collected monthly by direct debit from the end customer. A maximum of 2 days after payment, the invoice will be made available in the company account on the portal and e-mailed to the specified Email address.
