

Why choose Octalarm Connect?

Octalarm-TOUCH | Octalarm-TOUCH pro

The Octalarm Connect service ensures that calls via mobile phone networks and VoIP/SIP are available immediately for a **low, fixed cost each month**. You very simply activate the **SIM card supplied** with the configuration wizard. There are **no firewall issues (VPN)** and **no manual Email settings (SMTP)** are required. The dialler works 'out of the box'.

- ✓ Fast and reliable operation
 - All-in service for mobile phone and VoIP/SIP calls with KPN SIM card and Adésys servers monitored 24/7
 - Fully configured and ready for use out of the box
 - Payment per month by automatic collection or credit card with end customer (at €14.95 per month flat fee)
- ✓ Operating reliability
 - Reliable VoIP/SIP and mobile phone connections set in one go
 - VoIP/SIP call connection through duplicated secure servers from Adésys
 - Always connected for (automatic) software updates
 - All settings set by default, so immediately ready to go
 - No problems with firewalls (VPN)
 - No manual settings needed (SMTP)
- ✓ Risk limitation by 24/7 secure double servers from Adésys
 - 24/7 server monitoring
 - Duplicated: when a server fails the other server automatically takes over, without you even noticing

- ✓ One fixed price per month (flat fee)
 - €14.95 excluding VAT
(starting rate: first two months only €1,- excluding VAT)
 - No extra data or call costs
 - No extra costs for VoIP/SIP
 - No surprises afterwards
 - Can be cancelled after 1 year (monthly)

Activate Octalarm Connect in 7 steps

1. Connect the dialler with the supplied UTP cable to the internet
2. Ask the customer for:

Email address*:

VAT number:

*! *If the E-mail address is from an accounting program, you should take into account that this program can handle verification. You can check this with the supplier of your accounting program.*

3. Start up Octalarm Touch and start configuration
4. Choose 'yes' in the Octalarm Connect wizard
5. Enter the customer's Email address

The customer then receives an activation Email. Ask the customer to activate the subscription via the activation Email:

6. Enter the customer's company details and VAT no
7. Take payment by credit card, iDeal (the Netherlands) or bancontact (Belgium)

The SIM card and the VoIP/SIP are now active.

The payment for Octalarm Connect is collected monthly by direct debit from the end customer. A maximum of 2 days after payment, the invoice will be made available in the company account on the portal and e-mailed to the specified Email address.
